ODD FELLOWS RECREATION CLUB
EVENT SITE DESCRIPTIONS

Welcome to Odd Fellows Recreation Club (OFRC). Founded in 1928 on the banks of the Russian River, OFRC covers 336 acres of second growth redwoods, native plants, and fauna. Early founders designated the Park for recreational purposes and today over five generations of members and their extended families return year after year to enjoy all that OFRC has to offer. Some members have even chosen to live here year-round. We each continue our ongoing love of this awe-inspiring place and hope that you will find your favorite site among our majestic redwoods for your celebration.

We keep our Club as a recreation area and wildlife preserve and are self-sufficient and private. We do, however, welcome the guests of our members who are interested in renting specific sites for special events. ***All groups must abide by OFRC rules and regulations while in the Park. OFRC members who sponsor an event must attend that event and are responsible for submitting a list of guests to the Park Representative and for assuring that guests follow all the terms of the Event Rental agreement****. Since we are not an exclusive wedding or event venue, renters must also understand and respect, that other Park activities go on regardless of an event.*

The following pages show pictures of each available site with a description of what each site contains. Included are the dimensions, number of restrooms, and a list of available equipment. We sincerely hope you will consider using one or more of our sites located under the redwoods in one of the most beautiful and inspiring places on earth.
